The trouble between the two officers of the board, which has become so serious that it will be made an issue of the board meeting to-day, will likely overshadow all other matters of business at the first day's

However, the consideration of plans for ome telling philanthropic work to be accomplished by the board is one of the important matters that will be brought before the board at this time, and members say will not be lost sight of, unless the present difficulties confronting the

board are not speedily disposed of. Yesterday was a busy day at the home of the Board of Lady Managers. The arrival of several members for the meeting was followed by private consultations behind closed doors, which was ominous of the gathering war clouds, which will break over to-day's meeting.

Mrs. Manning's arrival at the building early in the afternoon lent added speculation as to the board's intentions to lay hold of matters with heavy hands at today's session. Mrs. Manning on arriving at the home went hurrieoly to her apartments on the second floor and notified the servants that under no consideration was she to be disturbed.

NO STATEMENT TO MAKE. When she left the building at 6 o'clock and was asked if she had anything to say on the matter, she replied that any matters of business which the board had to take up, was purely a matter of the board and was of no affair to the public. and that she had no statement to make

Miss Egan, when asked regarding the matter, said that she was surprised the matter had come up for controversy, as there had been an understanding between herself and the president only a few weeks ago in regard to the hours she would be at the building.

"I thought for this reason," said Miss Egan, "that the matter had been settled for good." The hours agreed upon were from 10 a, m. to 1 p. m. and longer whenever necessity demanded.

A communication was received yesterday from Miss Helen Gould by one of the members, stating her regret that the board had taken no action on the matter of caring for children at the Pair. Mrs. Moores of Texas, who, with Miss (wild, formed the committee to investigate and report on this work at this meeting, will make her report to-day, and it is likely that the playgrounds work will be one of the matters which will be adopted by the board as their permanent and official work.

It is thought probable that much of the meat that was delivered at the institutions was until for use, and may have been the cause of much sickness which might have been avoided.

Miss Sleisner was assaulted Tuesday shortly after the neon hour. She was re-turning from a free-delivery mail box when she was struck in the face by a trange man. The blow stunned her, and while she was in this condition her assailent gagged and dragged her into a clump of bushes near by.

NO VIOLENCE AT STATE CONVENTION, SAYS DOCKERY.

Governor Resents Idea That Democratic Gathering Will Be Marked by Unlawful Acts.

REPUBLIC SPECTAL. Jefferson City, Mo., July 13 .- "Our people, without regard to political affiliation are justly indignant at repeated publications, in substance declaring the probabil-

ing Democratic State Convention." said Governor Dockery to The Republic. "These groundless apprehensions are wholly without foundation, and the people of Cole County, Republicans and Demo-crats alike, resent this unwarranted as-

ity of violent disturbances at the approach-

crats alike, resent this unwarranted as-persion.

"Missourians of all political creeds are law-abiding people, and such faisehoods tend to put the State to open shame abroad. There has never been lawless vio-lence at any State convention, and there will be none here at the coming one.

"All the people of Cole County will ex-tend a cordial welcome to visitors and delegates."
